

**TEVE  
PACKAGING**

# TEVE PACKAGING PRODUCT LIST

In 1952 Mr Natale Ieraci and his wife Natalina started a cash van distribution business, providing customers throughout Victoria with local and imported products. As the company and customer base grew, sons Tony and Alex joined the business.

In 1975 the family purchased a warehouse on Brunswick Road allowing for a greater focus on servicing the Melbourne market and a growing interstate distribution business. As business grew an adjoining building was purchased to accommodate an ever growing customer base.

With a focus on the growing independent pizza market and the increasing need to supply a shredded cheese product, the decision was made to commission a commercial grating and shredding plant.

With three generations, sixteen family members and over seventy employees, and a constant growth in new customers, a strategic long term decision was made to purchase a new premises for the operation in Reservoir that would allow the business to grow without limitations.

This site now houses the 3 companies which encompasses the N. Ieraci & Sons group; Campoli Foods, **Teve Packaging** & Australian Dairy Partners. These businesses supply a large number of pizza shops and chains as well as many Wholesaler distributors in the Melbourne and Victorian regional areas. Recently they have expanded our business services to the likes of distributors in New South Wales, Queensland, Tasmania and Western Australia so that they are able to service the pizza industry across the country.

## PIZZA BOX STYLES

### SINGLE FOLD

Single fold pizza cartons are only made from quality Kraft papers and only require one fold to erect, with the lid folding into the inside of the box.

Available in 'B' and 'E' Flute

- Quick to Fold
- Lids fold inside the base
- Uses less board than other styles

### DOUBLE FOLD

Double fold pizza cartons are only made from quality Kraft papers. As the name suggests, double fold cartons have to be folded from both ends of the pizza box, with the lid folding on to the outside of the box.

Available in 'B' and 'E' Flute.

### CENTRE FOLD

Centre Fold cartons are only made from quality Kraft papers. Centre fold cartons are a fantastic design as they let you cut your pizza while the box is still flat on your bench, then all you have to do is fold the box around the pizza, making it quicker and easier for your staff.

## CUSTOM PRINTS

For custom printed pizza boxes, the following pricing structure follows:

To begin with, there are three price points.

- 5 000 min run price
- 10 000 run price
- 20 000 run price

Then we will work out the type of carton you require, depending on whether the pizza box is a SF or a DF, and if the pizza box is "E" or "B" fluted.

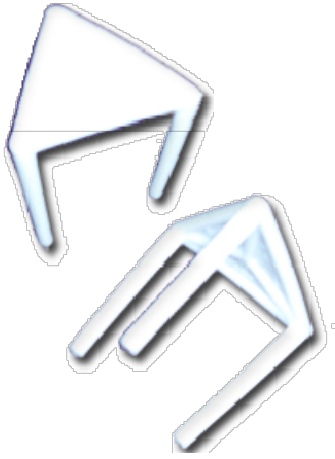

Then there are the ONE OFF stereo contributions per size.

This will be either \$750 for a 1 colour, \$800 plus GST for a 2 colour stereo or \$1100 plus GST for a 3 colour stereo.

- Prices are per 100 units
- Prices do not include GST
- Minimum order per size 5,000 units
- Please allow a 20 working day lead time FROM the sign off of your artwork.
- Prices are FIS based
- TEVE Products are Australian Made
